

Total Access Port Wall Plate 10-Packs Discontinued

Linear's Total Access Port (TAP) structured wiring wall plate 10-packs (except WPW-PDC-10) have been discontinued and are no longer available. Stock is sold out and backorders will not be filled.

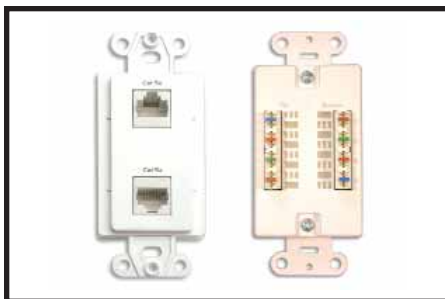

The wall plates are still available as single units. Each of the four wall plate designs are available in three colors: almond, ivory, and white.

Refer to the table below for a list of the discontinued and available Model numbers for Total Access Port wall plates.
