ACCESSORIZE YOUR CHALLENGER OPENER with products built to match.

Super Station Wall Control

Separate, lighted buttons for Open/Close/Stop door control and independent opener light control. A handy "Vacation Lock" prevents door operation.

Wireless/Keyless Entry Control

Ultimate security and convenience. This totally wireless unit lets you set your own, private entry codes on the lighted, telephone-style keys. Won't lose codes when battery is removed or replaced. Weather resistant cover.
